Public Comment		Favor	Erick Jason J Medal	<p>Brown lives matter Black Lives Matter Brown Lives matter Black Lives Matter Brown Lives Matter</p> <p>Care first! jails last! alternative to policing first LASD gangs last!</p> <p>In other words, it is time to prioritize the needs of the people in the county of Los Angeles! The continuance of ignorance and giving LASD gangs more money will not solve anything! Rodney King no change! George Floyd no change! Tyre Nichols we will see! time and again the LASD gang member deputies that should know what humanity is about act up in defiance of the constitution, the law, the politicians, and the communities they were hired to work as public servants by promoting public safety! We see time and again that more money you board of supervisors give this gang organization the worst it gets! The money you allocate for this organization should be strictly for public safety only not targeting not lying not killing not harassing not wasting tax dollar money to do as they please! I still see gang member deputies sitting in their cars! riding around like crazy maniacs on their phones using their budgets to show up on a seen with 20 plus kkkops! this why I continue to support care first jail last community first police last! make this change happen where every penny is spent only on public safety not targeting, harassing, violating people constitutional rights and people in danger! the budget needs to reflect change! the change promised after George Floyd!</p>
			Heather Ray	<p>Please do the right thing and end the Covid Emergency! It is time. No more vaccine mandates, no more masks. Let the children breathe.</p> <p>Please be finished with an "emergency" that has long outlasted the true emergency.</p>
			Jaime Duranurias	<p>Good morning my name is Jaime Duranurias and I live in the community of Boyle Heights. I am a janitorial worker at the General hospital LAC+USC. I have almost two years of service to the county.</p> <p>Thank you to all of you for voting last year to conduct a feasibility study that will allow us to obtain our employer-paid health insurance. Now that we have the results of the study, it is time to act and resolve this unfair situation in which we find ourselves. We believe that the right to health care is a human right and we demand that it be respected.</p> <p>I want to thank President Han for her initiative and leadership. She will bring before you a motion that will provide equality for essential workers of color like us, I want to ask for your vote of support and to work together with her and our union, so that after so many years of fighting we can finally have the health insurance that we deserve.</p>

Public Comment		Favor	James Clark	Charles Townes was recently killed by sheriffs in Altadena and I am writing to demand justice and transparency. The sheriff department has chosen to release some but not all body cam footage. Partial transparency is no transparency at all and makes clear to the community that the sheriff department has something to hide. Until there is FULL transparency with the release of ALL body cam footage, we cannot have confidence that our sheriff department is lawful and accountatable. Please release all footage immediately.
			Jorge Gonzales	Hello, my name is Jorge Gonzales. I am a janitorial worker at the Rancho Los Amigos Rehabilitation Center. I have many years of service to the county. Thank you to all of you for voting last year to conduct a feasibility study that will allow us to obtain our employer-paid health insurance. Now that we have the results of the study, it is time to act and resolve this unfair situation in which we find ourselves. We believe that the right to health care is a human right and we demand that it be respected. I want to thank President Han for her initiative and leadership. She will bring before you a motion that will provide equality for essential workers of color like us, I want to ask for your vote of support and to work together with her and our union, so that after so many years of fighting we can finally have the health insurance that we deserve.
			Jose Cruz	Hello, my name is José Cruz and I live in the community of Boyle Heights. I am a janitorial worker at the General hospital LAC+USC. I have more than 13 years of service to the county. Thank you to all of you for voting last year to conduct a feasibility study that will allow us to obtain our employer-paid health insurance. Now that we have the results of the study, it is time to act and resolve this unfair situation in which we find ourselves. We believe that the right to health care is a human right and we demand that it be respected. I want to thank President Han for her initiative and leadership. Agenda #	Relate To	Position	Name	Comments
Public Comment		Favor	Lauren Espy	Although Black people make up only 9% of the County's residents, they are 30% of the County's unhoused population. Additionally, homelessness in the Latinx community is rising faster than any other demographic. I support agenda item #14. An EIFD in these unincorporated communities in District 2 will provide an opportunity for the County to direct affordable housing development for the communities that need it most.
			Linda A Wilson	
			Liz M Lyons	I fully support Agenda Item 19, which proposes a motion to 1) advocates in support of State and Federal funding for wildlife crossings; 2) advocates in support of a State ban on first-generation anticoagulant rodenticides (FGARs); and 3) sends a five-signature letter to the United States Postal Service (USPS) Postmaster General Louis DeJoy, with a copy to the USPS Citizens' Stamp Advisory Committee, in support of Representatives Adam Schiff, Ted Lieu and Julia Brownley's request to have P-22 honored with a postage stamp. Mountain lion p-22 It would also direct the Chief Executive Officer to work with all County Departments to ban the use of FGARs on all County-owned and managed properties and explore means to phase out the use of FGARs throughout the unincorporated County, as well as supports Countywide education efforts on the dangers posed by FGARs. It urges coordination with cities and relevant agency partners on creating a comprehensive strategy for stopping the use of FGARs on all publicly managed lands. This is a wonderful proposal. I want to reiterate my strong support by providing a public comment supporting agenda item 19. Liz Lyons
			Margarita Romero	Hello, my name is Margarita Romero and I live in the community of Los Angeles. I am a janitorial worker at the General hospital LAC+USC. I have more than 7 years of service to the county. Thank you to all of you for voting last year to conduct a feasibility study that will allow us to obtain our employer-paid health insurance. Now that we have the results of the study, it is time to act and resolve this unfair situation in which we find ourselves. We believe that the right to health care is a human right and we demand that it be respected. I want to thank President Han for her initiative and leadership. She will bring before you a motion that will provide equality for essential workers of color like us, I want to ask for your vote of support and to work together with her and our union, so that after so many years of fighting we can finally have the health insurance that we deserve.
			Marisa Foran	I am in favor of ending the state of emergency immediately. I am also in favor of ending that 10-day close contact mask rule. This never ending masking that Barbra Ferrer only imposes on children needs to end.

			Traci Lupo	In favor of Ending the Covid state of emergency so our kids can be mask free or masked by choice in school. Thank you!
		Oppose	Angry Senior	As a senior, born in Los Angeles, I have seen corruption in my City, County. I strongly oppose the continuance of *any* state of emergency for any reason. I oppose masking. Keeping Dr. Barbara Ferrer appears to be corruption. Barbara Ferrer is not a medically-trained person, she's an activist and it appears, corrupt. Having your own daughter co-write a study that favors Ferrer's ridiculous policies, for starters, is proof. That is obvious with her appearance at press conferences with a mask on and with many appearances in public - happy to be photographed - without a mask. It is long past time to unmask children in schools, both private and LAUSD. Masks do NOTHING. eugypius.com/p/despote-125-years-of-surgical-masking?utm_source=post-email-title&publication_id=268621&post_id=105230827&isFreemail=true&utm_medium=email Further, I hope you fire "Dr." Ferrer. There are actual doctors affiliated with LAC-USC that, I'm sure, would be happy to provide guidance on this. We, the taxpayers, of Los Angeles County are beyond FED UP.

Public Comment		Oppose	erika Aleman	End the state of emergency for covid. end the vacine mandate for county employees. rehire all terminated workers with backpay. Return to full capacity meetings.
			Manny Perez	Dear Board of Supervisors and LAPHD! End the State of Emergency!
			Mark Nedleman	Good morning, I cannot believe LAC Health Director Dr Ferrar is again contemplating masking in LA County! Hell no. These masks do nothing to stop COVID. These so called vaccines have only worsened the health outcomes of everyone taking these experimental drugs! Not surprisingly so called cases have gone up. Wake up! This pandemic needs to end. Masks and these other measures won't work! Sincerely Mark Nedleman
			Matt Andrews	END LA COUNTY'S STATE OF EMERGENCY & #FIREFERRER
			Nikki Shallenberger	I am asking the board of supervisors to end the LA county state of emergency, effective immediately, and to fire Barbara Ferrer, who has shown time and time again, that she abuses unchecked power, makes decisions that are counter to scientific consensus, is an unelected person who limits the rights of the voters and the children of Los Angeles. She is not a medical doctor, is not a medical expert, and should not be in a position where she is earning this much money. She should have resigned from her lofty position when evidence showed that her daughter was a co-author of the mask study that the CDC was using to justify their draconian recommendations.

Agenda #	Relate To	Position	Name	Comments
Public Comment		Oppose	Tami Friedrich	<p>I am writing to express my strong opposition to the appointment of Fire Chief Marrone as the permanent Fire Chief. It is more beneficial for the citizens of LA County to have a process that is more inclusive and equitable giving other candidates an opportunity. Your citizens deserve it.</p> <p>Fire Chief Marrone has only a high school education, all other chief's at this level are required to have a bachelors and or masters degree, both the deputy fire chiefs at LA County have masters degrees, why haven't they been allowed to apply?</p> <p>The other department heads being appointed at this meeting all have education requirements, why is the fire chief an exception? This is negligent and irresponsible of the BOS.</p> <p>Fire Chief sets the tone for the fire dept-if La County Fire motto is "representing the communities you serve" why not allow for other diverse candidates to apply</p> <p>Racism is alive and well with a white fire captain saying the "n" word at the fire station in front of the crew just last week!! There was a swastika etched into a kitchen table at one of LA County Fire Stations.</p> <p>here are less than 2% women Firefighters, significantly behind the national average. 30% of LACounty Fire Stations DO NOT have women's restroom and shower facilities.</p> <p>You're citizens deserve better. Thank you.</p>
		Other	Alisha B Wolf	END LA COUNTY'S STATE OF EMERGENCY & #FIREFERRER
			Alison Kelemen	<p>As a native Angeleno, I am appalled by the amount of graffiti and tagging all along the freeways, visible to anyone, covering almost every wall and sign in sight. What is the LA County Board of Supervisors doing to curb this practice and beautify the defaced properties? Shouldn't there be harsh or punishments for offenders? Shouldn't there be graffiti patrol cars ensuring that these taggers don't get away with this? Shouldn't the offenders that are caught have to participate in cleaning up all the graffiti? Our city has become a total eyesore and an embarrassment. DO SOMETHING BECAUSE IT'S OUT OF CONTROL!!</p>

Agenda #	Relate To	Position	Name	Comments
Public Comment		Other	Diana Beard Williams	It is an abomination for the residents of the Antelope Valley to be used, abused, and have their health sabotaged by Kaiser Permanente in regard to substandard care and inequality in the provision of something as basic as equipment and appointments. The more research our group does, the more we question Governor Newsom's intentional Esther it of Kaiser's \$8.2 billion profit margin. No elected official cares how the A.V. Is treated by those who suck lots of money from this valley. Whose pockets are the Kaiser dollars flowing into? It's become a joke. Kaiser,s ambivalence is embeded in the non delivery of adequate and equal services.
			Emily Larbaoui	Please note my previous comments were regarding item number 19. Thank You

			End the state of emergency as Newsom originally stated, which is 2/28/2023. You cannot extend this rouse any longer, unless you want the public to laugh at this farce more than they already are.
			Jennifer Bergstrom
			END LA COUNTY'S STATE OF EMERGENCY & #FIREFERRER
			Jerard D Wright
			We want to thank Supervisor Mitchell for her survey asking for feedback with Housing Providers and Tenants. We had some comments that I think will aid in the conversation to help bring all parties together for solutions that will help all Angelenos. * There were no questions in the survey that asks how housing providers were affected by COVID. * The question as to whether to use the funds for utilities, maintenance did not specify as to whose utilities and maintenance. The assumption would be housing providers, but tenants also pay utilities depending on their lease agreements. As it could be assumed that some tenants couldn't even pay their utilities. A couple of comments from members expressed the connection with the ordinance, it will only help small landlords who are defined as: 1- Own no more than one rental property with no more than 4 units. 2- The landlord cannot have a mortgage. 3- Cannot be in the City of Los Angeles. (This severely restricts the relief to indemnify tenants and housing providers) 4- Only available to landlords whose income is below 80% of the LA Metro Area Median Income which makes it. Thank you, Supervisor Mitchell, again for your continued leadership to provide a middle ground as the March 31st Eviction date approaches.

Public Comment		Other	Talibah Coffee	On September 6, 2021, I was working at an election polling site under the Los Angeles County Disaster Relief Program. I was the assistant lead. Prior to working at the polling site, I attended training offered by the Los Angeles County Registrar Office. The registrar office trained and placed in writing the media must get permission to film election workers and voters. While I was working and carrying out the duties of an assistant lead, a cameraman began recording the voting site. I asked the cameraman if he was filming and he said yes. Following the training instructions provided by Los Angeles County Registrars Office, I told him he would need to get permission to film. The cameraman told me this is a public place and he could film. I told him he was incorrect and contacted the Registrar's Office, while on hold, the cameraman began to film me. I told him I did not want to be filmed and he continued to film me. I walked towards him and he turned the camera towards my face and I turned the camera back towards him. He pushed me and shoved me to the ground, causing an injury. Without thinking, I got up off the ground, knocked his camera over and began to grab his face. I reported this incident to my employer, who is an LA County Department, and the registrar office. Instead of protecting me, being that I am a woman initially attacked by a man and was performing a duty, my employer and the LA County Registrar Office turned everything around on me, despite my witnesses, and informed me I would be suspended for 15 days. I am devastated by my employer and Registrar's office failure to protect their employees/volunteers when they are carrying out a duty and attacked. I feel I was given an unfair suspension and will appeal this decision; however, it is my belief election poll workers need to be protected. Especially in today's political climate. No election poll worker should have to go through what I did. I ask the BOS to address having the Registrar's office provide security at each polling site during elections in the future.

CAUTION: External Email. Proceed Responsibly.

Hi again,

I have attached below the license, bond, and proof of insurance. Additionally, I have created a list of labor prices. Please review it and let me know if you have any questions.

I have a team of 34 workers who are ready to start work today. We prefer to accept cash, Venmo, Zelle, and wire transfers. Of course, we also accept checks, but they can be complicated.

Please don't hesitate to call me in the evening as we work 24/7. If you need references, you can Google us and check out The Houzz, where we have 76 reviews. If you need more references, I can provide you with a list of phone numbers.

Let me know if you have any questions or concerns.

Best regards,

Yerlan Kakenov
CEO of Organic Life Construction
